*Applying the Principles:* *In session #34 “The Power of Clearing/Moving Through Blocks and Receiving Miracles,” the Genie shared ways to identify and clear obstacles.*

*1. Identify where in your life there are outmoded residues of energy that no longer serve you. It may take the form of old hurts, or people in your life that you may need to forgive. It could even be an attitude or energy associated with someone you love that you have internalized.*

*2. Forgiveness is a large part of the preparation for “clearing”. What circumstances or people can you forgive as you move forward. (Be sure to include yourself.) Write a specific forgiveness affirmation that you can use to forgive yourself and others.*
